

Come *Play* with us!

Create healthier neighborhoods.

Stabilize housing.

Narrow the achievement gap.

Level the playing field.

MILWAUKEE
PUBLIC SCHOOLS

The Milwaukee Public Schools (MPS) is on a mission to revitalize 52 play spaces in Milwaukee. As with all aging infrastructure, many of these playfields are beyond their useful lives and no longer meet the needs of the community. Collectively MPS has already committed \$11,000,000 towards the improvement of play spaces and athletic facilities, but we cannot do it alone. Please see below for opportunities to get involved in this work and ***BE PART OF AN INVESTMENT THAT MATTERS.***

- ☐ I'd like to learn more about naming rights and sponsorship opportunities.
- ☐ I'm interested in adopting a playfield to assist with maintenance and programming support.
- ☐ I know individuals who would be interested in supporting MPS' efforts to level the playing field. Please contact me for additional information.
